A Day for Rememberin' Leah Henderson, 2021-05-11 A moving tribute to the little-known history behind the first Memorial Day, illustrated by Coretta Scott King Award winner Floyd Cooper Today is a special day. Eli knows it's important if he's allowed to miss one second of school, his "hard-earned right." Inspired by true events and told through the eyes of a young boy, this is the deeply moving story about what is regarded as the first Memorial Day on May 1, 1865. Eli dresses up in his best clothes, Mama gathers the mayflowers, Papa straightens his hat, and together they join the crowds filling the streets of Charleston, South Carolina, with bouquets, crosses, and wreaths. Abolitionists, missionaries, teachers, military officers, and a sea of faces Black, Brown, and White, they march as one and sing for all those who gave their lives fighting for freedom during the Civil War. With poignant prose and celebratory, powerful illustrations, *A Day for Rememberin'* shines light on the little-known history of this important holiday and reminds us never to forget the people who put their lives on the line for

their country. The book is illustrated by award-winning illustrator Floyd Cooper and includes archival photos in the back matter, as well as an author's note, bibliography, timeline, and index.

Memorial Day Vince Flynn, 2008-12-09 THE NEW YORK TIMES NUMBER ONE BESTSELLER When a spike in CIA intelligence suggests a major terrorist attack planned for Memorial Day, the president orders Mitch Rapp, his top counterterrorism operative, to pull out all the stops. Rapp immediately leaves for Afghanistan where he leads the ultra secret counterterrorism Special Forces unit on a daring commando raid across the border into Northern Pakistan. Their target: an al-Qaeda stronghold. Within a subterranean room, Rapp and his team discover a treasure trove of maps, computers, files and bills of lading for multiple freighters heading to US ports - all pointing to plans for a catastrophic attack on Washington DC. Information is quickly relayed back to CIA headquarters, and in a few hours, the freighters have been located and the danger averted. Or has it? To Mitch Rapp, the whole operation seemed just a bit too easy. Following his instincts on a quest to unearth the whole truth, Rapp makes a truly terrifying discovery - and with Memorial Day closing fast, he must find a way to prevent a disaster of unimaginable proportions ... AMERICAN ASSASSIN, book one in the series, is soon to be a MAJOR MOTION PICTURE starring Dylan O'Brien (Maze Runner), Taylor Kitsch (True Detective) and Michael Keaton. Praise for the Mitch Rapp series 'Sizzles with inside information and CIA secrets' Dan Brown 'A cracking, uncompromising yarn that literally takes no prisoners' The Times 'Vince Flynn clearly has one eye on Lee Child's action thriller throne with this twist-laden story. . . instantly gripping' Shortlist 'Action-packed, in-your-face, adrenalin-pumped super-hero macho escapist fiction that does exactly what it says on the label' Irish Independent 'Mitch Rapp is a great character who always leaves the bad guys either very sorry for themselves or very dead' Guardian

Celebrating a Life Faith Moore, 2011-12-01 A guide of alternatives to traditional funerals, commemorating lost loved ones in a meaningful, personal way. Today, many people are forgoing the trappings and timeworn rituals of typical funerals, and are instead opting to celebrate their loved ones' lives. With careful planning, services like these can truly honor the person who has died—and both comfort and uplift those who attend. *Celebrating a Life* offers sensitive guidance on every detail—venue, food and drink, music, flowers, eulogy, program, mementoes—all with the aim of making sure the memorial service's honoree is remembered just as he or she would have wished. Checklists and an extensive resource directory provide

much-needed help to those who have very little time to make arrangements. As author Faith Moore says, this book is not about regrets, but about reimagining how we say good-bye. “In a caring, practical, and authoritative way, Faith Moore tackles a very difficult topic. Her direct and warm advice is a fabulous resource. This book is a must-read for anyone who will face the inevitability of honoring and celebrating the life of a deceased love one.” —Peggy Post, director of the Emily Post Institute and author of *Emily Post’s Etiquette*, 17th Edition

Five Days at Memorial Sheri Fink, 2016-01-26 NEW YORK TIMES BESTSELLER • The award-winning book that inspired an Apple Original series from Apple TV+ • A landmark investigation of patient deaths at a New Orleans hospital ravaged by Hurricane Katrina—and the suspenseful portrayal of the quest for truth and justice—from a Pulitzer Prize-winning physician and reporter “An amazing tale, as inexorable as a Greek tragedy and as gripping as a whodunit.”—Dallas Morning News After Hurricane Katrina struck and power failed, amid rising floodwaters and heat, exhausted staff at Memorial Medical Center designated certain patients last for rescue. Months later, a doctor and two nurses were arrested and accused of injecting some of those patients with life-ending drugs. *Five Days at Memorial*, the culmination of six years of reporting by Pulitzer Prize winner Sheri Fink, unspools the mystery, bringing us inside a hospital fighting for its life and into the most charged questions in health care: which patients should be prioritized, and can health care professionals ever be excused for hastening death? Transforming our understanding of human nature in crisis, *Five Days at Memorial* exposes the hidden dilemmas of end-of-life care and reveals how ill-prepared we are for large-scale disasters—and how we can do better. ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times Book Review • ONE OF THE BEST BOOKS OF THE YEAR: Chicago Tribune, Seattle Times, Entertainment Weekly, Christian Science Monitor, Kansas City Star WINNER: National Book Critics Circle Award, J. Anthony Lukas Book Prize, PEN/John Kenneth Galbraith Award, Los Angeles Times Book Prize, Ridenhour Book Prize, American Medical Writers Association Medical Book Award, National Association of Science Writers Science in Society Award

Memorial Day Robin Nelson, 2002 A simple introduction to why and how we celebrate Memorial Day.

Taxing Wars Sarah Kreps, 2018-05-01 Why have the wars in Afghanistan and Iraq lasted longer than any others in American history? The conventional wisdom suggests that the move to an all-volunteer force and unmanned technologies such as drones have reduced the apparent burden of war so much that they have allowed these conflicts to continue almost unnoticed for years. *Taxing Wars* suggests that the burden in blood is just one side of the coin. The way Americans bear the

burden in treasure has also changed, and these changes have both eroded accountability and contributed to the phenomenon of perpetual war. Sarah Kreps chronicles the entire history of how America has paid for its wars-and how its methods have changed. Early on, the United States imposed war taxes that both demanded sacrifices from all Americans and served as reminders of their participation. Indeed, thinkers from Immanuel Kant to Adam Smith argued that these reminders were exactly the reason why democracies tended to fight shorter and less costly wars. Bearing these burdens caused the populace to sue for peace when the costs mounted. Leaders in a democracy, responsive to their citizens, would have incentives to heed that opposition and bring wars to as expeditious an end as possible. Since the Korean War, the United States has increasingly moved away from war taxes. Instead, borrowing-and its comparatively less visible connection with the war-has become a permanent feature of contemporary wars. The move serves leaders well because reducing the apparent burden of war has helped mute public opposition and any decision-making constraints. But by masking accountability, however, the move away from war taxes undermines the basis for democratic restraint in wartime. Contemporary wars have become correspondingly longer and costlier as the public has become disconnected from those burdens. Given the trends identified in *Taxing Wars*, the recent past-epitomized by our lengthy wars in Afghanistan and Iraq-is likely to be prologue.

Memorial Day Surprise Theresa Martin Golding, 2004 When Marco attends a Memorial Day parade, he is surprised to see a familiar face among the veterans.

War and Remembrance Thomas H. Conner, 2018-10-05 No soldier could ask for a sweeter resting place than on the field of glory where he fell. The land he died to save vies with the one which gave him birth in paying tribute to his memory, and the kindly hands which so often come to spread flowers upon his earthly coverlet express in their gentle task a personal affection.—General John J. Pershing To remember and honor the memory of the American soldiers who fought and died in foreign wars during the past hundred years, the American Battle Monuments Commission (ABMC) was established. Since the agency was founded in 1923, its sole purpose has been to commemorate the soldiers' service and the causes for which their lives were given. The twenty-five overseas cemeteries honoring 139,000 combat dead and the memorials honoring the 60,314 fallen soldiers with no known graves are among the most beautiful and meticulously maintained shrines in the world. In the first comprehensive study of the ABMC, Thomas H. Conner traces how the agency came to be created by Congress in the aftermath of World War I, how the cemeteries and monuments the agency built were designed and their locations chosen, and how the commemorative sites have become important outposts of remembrance on foreign soil. *War and Remembrance* powerfully demonstrates that these monuments—living sites that embody the role Americans played in the defense of freedom far from their own shores—assist in understanding the interconnections of memory and history and serve as an inspiration to later generations.

Glimpses of God Cookie Magee, DMin, 2023-04-24 Glimpses of God are opportunities to recognize, with greater clarity, the presence of God in the various places, people, events, circumstances, objects, and languages of our daily life. I offer them to you as an opportunity to reflect on how much God is a part of your life, and how He has chosen to be in relationship with you, how you have chosen to be in relationship with Him, and how through this relationship, you become one of His greatest Glimpses. They are glimpses because we can miss them if we are not paying attention. If we open our heart to His love, our ears to hear his gentle whisper, our eyes to see His light, our hands to feel His hand in ours, and our feet to walk with Him, then we are growing in our relationship with our God and exuding His presence in a clear and vibrant way. I believe that it is in and through this relationship that we are able to recognize His invitation to be a Glimpse to others on our life. I believe it is then that we see more clearly His presence within ourselves. As we recognize His presence within ourselves, and strive to see it more readily in others, then we grow not only in love with our God, self, and others, we are filled with a deeper peace, a greater joy, and a sense of being beloved. If we are open to sharing these gifts with others, then we too are being a Glimpse of God to those in our family, our neighborhood, our community, our society, our church, our friends, those we encounter on a daily basis and even the stranger.

Leave No Man Behind Tony Brooks, Bob Welch, 2021-08-10 A story of courage, perseverance, and patriotism behind the 75th Ranger Regiment's rescue mission following one of the deadliest Special Ops incidents in Afghanistan—a grueling search for twelve Navy SEAL casualties and eight downed Night Stalkers . . . but just one lone survivor On June 28th, 2005, a four-man Navy SEAL reconnaissance team under Operation Red Wings was ambushed in northeastern Afghanistan—as depicted in the book and film Lone Survivor. A quick reaction force was dispatched. Turbine 33, carrying eight Navy SEALs and eight members of the 160th Special Operations Aviation Regiment, was struck by a rocket propelled grenade—careening

the dual rotor Chinook toward the rugged peak of Sawtalo Sar. The result was the single deadliest incident in Special Operations history at the time. Commanders called on the largest element of US Special Forces, the 75th Ranger Regiment. The rescue mission: Operation Red Wings II. Author Tony Brooks gives a first-hand account of the daring recovery of Turbine 33 and the subsequent search for the remaining compromised Navy SEAL recon team—one of whom was Marcus Luttrell, the lone survivor. The Rangers were up against lack of intel, treacherous terrain, violent weather, and an enemy that was raised to fight. Tony Brooks lived—and many of his fellow Rangers died—by the axiom, “Leave No Man Behind.” He is the first to tell the story other books and films have omitted, one of overcoming overwhelming odds to accomplish a mission: to bring every American soldier home.
